As the principals of Fidelity Homes we have grown up in the community and have always been proud to call Colborne home. For us it is personal. Our dreams of creating quality homes in the town we love is a task we have taken to heart.

Thanks to an amazing team, The Fidelity Group of Companies has developed a reputable brand best known for quality craftsmanship, timely execution of work and a highly talented field and management staff.

We have built our company on the guiding principle of "Only the Best" and we believe that this applies across every facet of who we are and what we do, Cat Hollow Road included.
